

To the Fifth House Ensemble 'Group'

Hello, you've met me already My name is Miss Kay Graham from Deborahs Place! I was the only participant who finished our ""grand finale" of the deep listening sessions! Welll, first I'd like to say thaaaannnk you soooo much for my experience with your Company this year! I had (not to sound toooo cheesy) the-time-of-my-life sharing various moments with all of you, of what I've gone through! Your programs are very Inspirational to my friends, (i'm non-spiritual) so what I contributed was based on just 'family' values! I Idolized my dad because ""we"" had a rough beginning when I was 12-18 ½ years old! Then I grew up & matured to fix & make stronger our time together! The (poem) I created for all of you, is my Xmas gift to all of you at Fifth House! & my feelings of my experience of our time togteher during this 'monsterous' pandemic! I can only hope my poem means as much to all of you as it did to me while writing it for you! Merry Christmas & a healthier 2021! (may we see each other in 2021 face-to-face!) Miss Graham, in the words of

Mr. Bob Hope,,,,,,

Thanks for the memories!!!!

Though it's sad
we are done for this year,
yes, the covid kept us apart

your warmth, friendship, will remain in my heart
the humor & my intense listening made me who I
am today,

Hopefully 2021 will allow us to hold our sessions
A better way!

Thank you for helping 'us' become a great
community!!!
